PROFESSIONAL SUMMARY

This is an experienced web developer that has a proven record of creating responsive websites and web applications for more than 3 years using HTML, CSS and JavaScript. Able to develop user-friendly web interfaces while keeping pace with contemporary design approaches and supporting cross-browser compatibility. In addition to being a team player who works well with others, I am also capable of providing high-quality work within deadlines. I am always eager to learn new things in the field and keep up with the newest trends as well as technologies available today.
